Re: Campaign Win

Dear Brother Connor:

Congratulations on your recent organizing success with the Employee Benefit Fund Administration win.

I recognize the amount of time and effort required to fulfill your organizing responsibilities, and I truly appreciate your effort on behalf of these employees. It is only through the support and enthusiasm of leaders like yourself that we are able to motivate workers to come together and recognize the strength in unity and the value of being a member of the IBEW.

I am confident that you and your local union will continue to build solidarity and strength. While doing so, please know that the Membership Development Department is always available to assist you in any future organizing endeavors.

With best wishes, I am

Fraternally yours,

Edwin D. Hill
International President
